

# Garrick Aden-Buie Data Scientist

Motivated, life-long learner. Always looking for questions and answers in the data. Passionate about collaboration, communicating insights, and sharing knowledge. Known as a highly organized, perceptive, and resourceful team player.

## ABOUT

[garrickadenbuie.com](http://garrickadenbuie.com)  
[garrick@adenbuie.com](mailto:garrick@adenbuie.com)  
(727) 344-9568  
St. Petersburg, Florida (US)  
**GitHub:** [gadenbuie](https://github.com/gadenbuie)  
**Twitter:** [grrrck](https://twitter.com/grrrck)

## LANGUAGES

**English** (Native)  
**Spanish** (Superior ACTFL/ETS)

## SKILLS

### ADVANCED

R  
Shiny  
Git  
RMarkdown  
R Package Development  
SQL (MySQL, SQLite, etc.)  
Bash  
MS Office (Excel, etc.)

### INTERMEDIATE

Python  
HTML  
CSS  
PHP  
MQTT

### FAMILIAR

JavaScript  
Julia  
Go

### OPERATING SYSTEMS

Linux (Debian, Ubuntu, Other)  
macOS  
Amazon AWS  
Docker  
Windows

## INTERESTS

Data Journalism  
Music  
Guitar  
Soccer  
Writing  
Reading

## EDUCATION

University of South Florida 2014 — 2018

*Ph.D., Industrial and Management Systems Engineering , GPA: 3.95*

**Courses:** Deep Learning, Statistical Design Models, Large-Scale Optimization, Advanced Analytics, Bayesian Data Analysis

University of South Florida 2012 — 2014

*MSIE, Industrial and Management Systems Engineering , GPA: 4.00*

Universidad Autónoma de Madrid and Syracuse University in Madrid 2005 — 2006

*Study Abroad, Spanish*

Lehigh University 2002 — 2007

*B.S. Applied Math, B.A. Spanish, Physics (minor) , GPA: 3.51*

## PROFESSIONAL EXPERIENCE

Research Data Analyst II (Bioinformatics) Present  
Moffitt Cancer Center, Cancer Epidemiology May 2018

Conduct advanced bioinformatic or statistical analyses; develop and utilize appropriate software methodologies for emerging genomic technologies; work with systems and solutions architects to coordinate development efforts throughout the data lifecycle; and benchmark new tools for high-dimensional data analysis as well as develop and apply novel analytic approaches to existing molecular epidemiology data.

Project Coordinator and Research Associate Jan 2018  
University of South Florida Sep 2014

[usf.edu/engineering/create-health/](http://usf.edu/engineering/create-health/)

Led diverse team of Ph.D., masters and undergraduate students in development and evaluation of large smart home project for monitoring the daily activities of community-dwelling, independent older adults.

- Managed 3 Ph.D., 5 Masters, and 4 undergraduate REU students
- Lead software developer for remote sensor data collection, processing, storage, administration, and visualization
- Developed several R packages and Shiny dashboards and interactive front-ends for inventory management and data processing
- Provisioned and administered servers hosting MySQL and various microservices; remote data collection systems running on Raspberry Pis
- Designed and implemented notification microservice for near-real-time evaluation and alerting for emergent conditions

R Package Developer: MCTestAnalysis Mar 2017  
University of South Florida Jul 2016

[gadenbuie.github.io/mctestanalysis/](https://gadenbuie.github.io/mctestanalysis/)

Developed an R package for Multiple-Choice Test Analysis for educators who are not comfortable programming. The package includes a web interface for interactive exploration of test results, or a generated report based on best practices for the design and evaluation of multiple-choice tests.

Research Assistant Sep 2014  
University of South Florida Sep 2013

Various tasks and responsibilities in support of engineering education at USF.

Research Assistant Sep 2013  
Patel College of Global Sustainability, USF Jun 2012

[usf.edu/pcgs/](http://usf.edu/pcgs/)

- Research and design of an urban metabolism model for the USF Tampa Campus.
- Supervised research of two undergraduate students (Spring 2013).
- Assistant to the Director of the Office of Sustainability, USF. Coordinated, analyzed and prepared reports on campus sustainability-related initiatives.
- Assist with research objectives of PCGS and in the preparation of reports, lectures and talks by PCGS staff and faculty.

## Musician and Private Tutor

### Self-employed

Chicago, IL and St. Petersburg, FL

Sep 2013  
Sep 2009

- Booked, promoted and performed 5-10 shows per month while writing and recording original music
- Performed on local radio stations, including Tampa's WMNF
- Worked one-on-one with 7 students in Math and Spanish, resulting in an average grade increase of 17%. Average duration for tutoring sessions were between 6 weeks to a full semester for each student.

## Youth Development Specialist

### Peace Corps

Gualaceo, Ecuador

Aug 2009  
Jun 2008

Served in the Peace Corps in Gualaceo, Ecuador, working in conjunction with local organizations to provide leadership training to children and youth among a number of other highlights listed below.

- Created and implemented life-skills training program, educating 70 at-risk middle school students.
- Led Peace Corps Ecuador's Anti-Trafficking In Persons committee and raised \$1,500 for a shelter for trafficked women in a contest-based fundraising initiative.
- Individually tutored seven middle- and high-school students and two college math students in math topics such as Trigonometry, Fractions, Algebra and Calculus.
- Designed interactive graphics and edited a six-month, biweekly column published in the leading provincial newspaper, appealing to both children and parents, highlight topics including hygiene, public health and children's rights.
- Organized and delivered an educational course for parents on drug and alcohol prevention in high-risk community.

## Sales Administrator

### Interplex Plastics

Jun 2008  
Sep 2007

Restructured a previously fragmented position, consolidating roles and responsibilities to improve the processing of all sales orders.

- Successfully improved on-time delivery from 87%-98% for crucial client.
- Responsible for order processing and control; monitored shipping and generated invoices.
- Collaborated with various departments to coordinate machine scheduling, price quotations and revisions to meet customer and supplier needs while maintaining profit margins.

## VOLUNTEER EXPERIENCE

### INFORMS Student Chapter at USF

2014 — 2015

#### President

Served as President of the USF student chapter of INFORMS, the leading international association for Operations Research and Analytics professionals.

- Started a student-led monthly journal club to share and disseminate cutting-edge publications in statistics, machine learning, and operations research.
- Initiated a travel grant supported by internal fundraising to partially finance the attendance of chapter members at the INFORMS Annual Meeting.
- Organized and led a college-wide code and data bootcamp for undergraduate and graduate students, featuring hands-on learning of data science and programming principles.

### INFORMS Student Chapter at USF

2013 — 2014

#### Newsletter Editor

Served as Newsletter Editor of the USF student chapter of INFORMS. Led planning and coordination committee for annual Code & Data Bootcamp

- Redesigned the chapter's bi-annual newsletter in Adobe InDesign.
- Led planning team for INFORMS@USF Code & Data Bootcamp, built comprehensive webpage, organized sessions and source code, and presented multiple sessions on programming and data science with R.

## PROJECTS

### Open Source Contributions

I enjoy contributing to open source software projects and have made modest contributions to the following packages: `pandoc` (LaTeX), `knitr` (R), `xaringan` (R), `magick` (R), `tibbletime` (R), `blogdown` (R). I also have released the following packages on GitHub:

- `xaringanthemer`: [pkg.garrickadenbuie.com/xaringanthemer](http://pkg.garrickadenbuie.com/xaringanthemer)
- `regexplain`: [github.com/gadenbuie/regexplain](https://github.com/gadenbuie/regexplain)
- `ggpomological`: [github.com/gadenbuie/ggpomological](https://github.com/gadenbuie/ggpomological)
- `MCTestAnalysis`: [github.com/gadenbuie/MCTestAnalysis](https://github.com/gadenbuie/MCTestAnalysis)
